

# September 26<sup>th</sup> Congregational Votes

Augustana Lutheran Church will be having a special congregational meeting following worship on September 26<sup>th</sup> to vote on two items.

## 1) How much land to include in the sale of the parsonage.

a) The blue lines would give the buyer some yard to work with, but we would keep the majority of the land.

b) The Red lines (and the blue lines) would give most of the block to the buyer. We would keep the driveway and tree line along the driveway.

## 2) Whether or not to install projectors in the sanctuary.

a) Yes.

b) No.

We have the funds to do this project thanks to two generous donations. It was brought up by a donator who felt it would bring a wonderful visual medium for our congregation. The big landscape rectangles would be the painted on screen. The smaller portrait rectangles would be the banners. The X's underneath the A/C units would be the hymn boards. The projectors themselves would be directly above the two A/C units.
